

Curriculum Vitae

Masaaki Hori, MD, PhD

EDUCATION

College and Medical School 1991-1997	University of Yamanashi (previously Yamanashi Medical College), Yamanashi, Japan
---	---

Postgraduate

1997-2001	University of Yamanashi, Yamanashi, Japan
1997-1999	University of Yamanashi Hospital, Yamanashi, Japan Residency, Diagnostic Radiology
2002-2004	Yamanashi Prefectural Central Hospital, Yamanashi, Japan Department of Radiology

ACADEMIC POSITIONS

2001-2002	University of Yamanashi, Yamanashi, Japan Assistant Professor Department of Radiology
2004-2006	University of Yamanashi, Yamanashi, japan Assistant Professor Department of Radiology
2006-2008	Toho University Omori Medical center, Tokyo, Japan Lecturer Department of Radiology
2009	University of Yamanashi, Yamanashi, japan Lecturer Department of Radiology
2010-present	Juntendo University School of Medicine, Tokyo, japan Associate Professor Department of Radiology

Dr. Masaaki Hori is an associate professor of the Department of Radiology at Juntendo University School of Medicine, Tokyo, Japan. His research topic is clinical application of quantitative MRI imaging, especially diffusion MRI for brain and spinal cord disorders.

He completed his MD and Ph.D. degree at the University of Yamanashi, Japan.

For his contribution, Dr. Hori has been awarded the best educational poster in the Annual Meeting of Japanese Society of Neuroradiology (JSNR) in 2014.

Dr. Hori is a member of Radiological Society of North America (RSNA), International Society for Magnetic Resonance in Medicine (ISMRM), European Congress of Radiology (ECR), Japanese Society for Magnetic Resonance in Medicine (JSMRM) and Japanese Society of Neuroradiology (JSNR). In 2015 and 2016, Dr. Hori is moderator of the scientific sessions in the ISMRM annual meetings.

Current his research topic is quantitative MR mapping for brain and spinal cord disorders, investigating clinical impact and usefulness of the technique.
