

Dr. Myeong-Jin Kim

Department of Radiology

Severance Hospital

Yonsei University College of Medicine

50-1 Yonsei-ro, Seodaemun-gu
Seoul, 03722, Republic of Korea

Myeong-Jin Kim is Professor at the Department of Radiology at his alma mater, the Yonsei University College of Medicine in Seoul, Korea. He is also a Staff Radiologist at Severance Hospital, Yonsei Medical Center. Professor Kim's sub-specialties are abdominal imaging and abdominal MRI. He is certified by the Korean Board of Diagnostic Radiology (Ministry of Health and Social Affairs, Republic of Korea). His current research interests are abdominal MR imaging, liver MR contrast media and imaging of hepatocellular carcinoma and cholangiocarcinoma.

Professor Kim completed his premedical school studies at Yonsei University before graduating with a Bachelor of Medicine in 1985 from the Yonsei University College of Medicine. He then pursued his postgraduate qualifications (M.Sc and Ph.D, Diag. Radiology Major) at the Graduate School of Yonsei University. Professor Kim went on to complete his internship, residency and fellowship the Severance Hospital, Yonsei University Medical Center. During his tenure as Assistant Professor in his alma mater, he trained as a visiting fellow with Dr Donald G. Mitchell at the MRI Division of the Thomas Jefferson University Hospital's Department of Radiology in the USA. Upon his return to Korea, Professor Kim was promoted to Associate Professor and made Professor in 2005.

Professor Kim had worked as a chair of scientific committee of Korean Society of Abdominal Radiology and Korean Society of Radiology and is a fellow of European Society of Gastrointestinal and Abdominal Radiology. Professor Kim is a renowned international speaker and has published extensively in Korean and international peer-reviewed journals. He has authored and coauthored in more than 300 publications in international journals including the *Radiology*, *Radiographics*, *Journal of Magnetic Resonance Imaging* and *European Radiology*, etc. He has received awards for the best

achievement in Korea Society of Radiology and Cum Laude for Educational Exhibition in RSNA, and Radiology Editor's Recognition Awards for reviewing with special distinction.

He has also served for speakers at various international radiologic conferences:

International High Field MR Symposium, ACAR, AOCR, JCR, JSMRM, ESGAR, ISMRM, et cetra.

He worked as reviewer of many renowned medical journals, including Lancet, Radiology, AJR, Eurol Radiol, etc. He currently serves as an Associate Editor for Radiology since 2013 and as a member of gastrointestinal subcommittee of scientific committee of RSNA since 2015.
